

## **Lightbeam Health Solutions Earns Placement on the Inc. 5000 List for Fourth Successive Year**

*The industry-leading population health management solution manages over 34 million patient lives across the United States and has helped clients generate over \$1 billion in savings since 2014*

**IRVING, TX – September 14, 2021** – *Inc.* magazine today revealed that Lightbeam Health Solutions is featured for the fourth time on its annual Inc. 5000 list, the most prestigious ranking of the nation's fastest-growing private companies. The list represents a unique look at the most successful companies within the American economy's most dynamic segment—its independent small businesses. Intuit, Zappos, Under Armour, Microsoft, Patagonia, and many other well-known names gained their first national exposure as honorees on the Inc. 5000.

"Another year on the Inc. 5000 list, and we could not be more proud," said Lightbeam CEO Pat Cline. "In our last fiscal year, we grew revenue by over 20%, welcomed several new clients, and our platform is now used to manage over 34 million patients. This award is an honor and only ignites our commitment to our clients and their patients."

Not only have the companies on the 2021 Inc. 5000 been very competitive within their markets, but this year's list also proved especially resilient and flexible given 2020's unprecedented challenges. Among the 5,000, the average median three-year growth rate soared to 543 percent, and median revenue reached \$11.1 million. Together, those companies added more than 610,000 jobs over the past three years.

"The 2021 Inc. 5000 list feels like one of the most important rosters of companies ever compiled," says Scott Omelianuk, editor-in-chief of *Inc.* "Building one of the fastest-growing companies in America in any year is a remarkable achievement. Building one in the crisis we've lived through is just plain amazing. This kind of accomplishment comes with hard work, smart pivots, great leadership, and the help of a whole lot of people."
