

Lightbeam Health Recognized as One of The Americas' Fastest Growing Companies 2022 by The Financial Times

Lightbeam's industry-leading population health management solution and services ranked in the technology category with a 95.4% absolute growth rate from 2017 to 2020

IRVING, TX – April 19, 2022 – [Lightbeam Health Solutions](#), the leader in population health management solutions and services, has been recognized as part of *The Financial Times* list of The Americas' Fastest Growing Companies 2022. This prestigious award is presented by *The Financial Times* (FT) and Statista Inc., the world-leading statistics portal and industry ranking provider.

The FT Americas' Fastest Growing Companies is comprised of the enterprises that contribute most heavily to economic growth, achieving the highest compound annual growth in revenues between 2017 and 2020. 500 companies are featured on the list, which was announced online on April 5, 2022 and can currently be viewed on the [FT website](#).

"To be included on The Americas' Fastest Growing Companies 2022 list is a privilege and we are proud to showcase our resiliency through the unprecedented COVID pandemic," said Pat Cline, CEO of Lightbeam Health Solutions. "It's also a testament to our entire team, showing their dedication to our clients and the more than 40 million patient lives Lightbeam helps our clients serve across the United States."

Statista identified and invited tens of thousands of companies in the Americas as potential candidates for *The FT* ranking through research in company databases and other public sources. Out of the millions of active companies in North and South America, only 500 firms were awarded in the list, and Lightbeam is ecstatic to be recognized as one of The Americas' Fastest Growing Companies 2022, along the likes of other reputable companies like Lyft, Netflix, Tesla, Roku, Zoom, Amazon, and more.
