

Lightbeam Health Earns Spot on the Inc. 5000 List for 7th Time

AI innovation in population health continues to fuel Lightbeam's momentum, earning recognition among the fastest-growing private companies in America

DALLAS – August 13, 2025 – Inc., the leading media brand and playbook for the entrepreneurs and business leaders shaping our future, today announced that [Lightbeam Health Solutions](#), the proven, AI-enabled solutions and services leader in population health management, is recognized on the annual Inc. 5000 list, the most prestigious ranking of the fastest-growing private companies in America. The list provides a data-driven snapshot of the most successful companies within the economy's most dynamic segment—its independent, entrepreneurial businesses. Past honorees include companies such as Microsoft, Meta, Chobani, Under Armour, Timberland, Oracle, and Patagonia.

"This recognition reflects the trust our clients place in Lightbeam and the shared outcomes we've achieved together," said Pat Cline, CEO of Lightbeam Health Solutions. "From the beginning, we've focused on long-term impact over short-term noise, choosing to invest in our technology, our people, and our clients. That strategy has fueled our growth and kept us closely aligned with what matters most: helping healthcare organizations deliver smarter, more connected and more proactive care. As we look ahead, our commitment to innovation, especially in AI, and to the success of our client partners remains stronger than ever."

This year's Inc. 5000 honorees have demonstrated exceptional growth while navigating economic uncertainty, inflationary pressure, and a fluctuating labor market. Among the top 500 companies on the list, the median three-year revenue growth rate reached 1,552 percent, and those companies have collectively added more than 48,678 jobs to the U.S. economy over the past three years. "Making the Inc. 5000 is always a remarkable achievement, but earning a spot this year speaks volumes about a company's tenacity and clarity of vision," says Mike Hofman, editor-in-chief of Inc. "These businesses have thrived amid rising costs, shifting global dynamics, and constant change. They didn't just weather the storm—they grew through it, and their stories are a powerful reminder that the entrepreneurial spirit is the engine of the U.S. economy."

Lightbeam was recently recognized as [2025 Best in KLAS®](#) for Remote Patient Monitoring (RPM), reflecting the platform's high client satisfaction and measurable outcomes. In performance year 2024, Accountable Care Organizations (ACOs) using Lightbeam's solutions surpassed [\\$3B in cumulative MSSP savings](#), with record performance in PY23. Lightbeam clients, like Saint Peter's University Hospital, are leveraging Lightbeam AI to drive real-world impact—achieving a [7% reduction in avoidable ED visits](#). As organizations nationwide accelerate their value-based care journeys, Lightbeam continues to power better outcomes and financial sustainability at scale.

Inc. will celebrate the honorees at the 2025 [Inc. 5000 Conference & Gala](#), taking place October 22–24 in Phoenix, and the top 500 will be listed in the Fall issue of Inc. magazine. Methodology

Companies on the 2025 Inc. 5000 are ranked according to percentage revenue growth from 2021 to 2024. To qualify, companies must have been founded and generating revenue by March 31, 2021. They must be U.S.-based, privately held, for-profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2024. (Since then, some on the list may have gone public or been acquired.) The minimum revenue required for 2021 is \$100,000; the minimum for 2024 is \$2 million. As always, *Inc.* reserves the right to decline applicants for subjective reasons.
